ELIGIBLE PROPERTY TYPES

- Existing, stabilized, high-quality, professionally-managed manufactured housing communities (MHCs), with or without age restrictions, excluding senior housing loans.

ELIGIBLE SELLER/SERVICERS

- Freddie Mac Multifamily Approved Seller/Servicers may originate or service a MHC loan. We prefer Seller/Servicers with a staff that is experienced and knowledgeable in the structure, origination and delivery of MHC loans.

ELIGIBLE BORROWERS

- A key principal should have two or more years of experience in operating MHCs and should own one other MHC property.
- The borrower may be a limited partnership, corporation, limited liability company or a tenancy in common (TIC) with 10 or fewer tenants in common. General partnerships, limited liability partnerships, REITs and certain trusts may also be acceptable in limited circumstances, subject to additional requirements.
- A borrower must be a Single Purpose Entity (SPE). On loans less than $5 million, a borrower other than a TIC may be a Single Asset Entity instead
- If the borrower is a TIC, each TIC must be an SPE.

1 Floating-rate proceeds are calculated based on the comparable fixed note rate.
2 The DCR calculated for the partial-term interest-only and full-term interest-only period used an amortizing payment.
3 Adjustments may be required depending on the property, product and/or market.
4 For partial-term interest-only loans, there must be a minimum amortization period of 5 years. Acquisition loans with a minimum of a 5-year term may have up to 1 year of partial-term interest-only. For terms of 10 years of more, loans have interest only in an amount equal to no more than half of the loan term.
